

FHI weighing & counting indicator

Part counting

Count part with high accuracy

Accumulation

Sum multiple weight/count result

Rechargeable battery

6V 4AH battery-powered

RS-232

Connect to PC or serial printer

HOLD function

For weighing moving objects

Backlight

Improve display visibility

3 LCD panels

Display weight, unit weight & count

Highly affordable specialized weighing indicator for counting parts.

Models	FHI	
Resolution	1/3000 ~ 1/30000	
Response	3~5 sec	
Tare range	100% of capacity	
Zero range	4% of capacity	
Power Source	6V 4AH Rechargeable battery	220VAC 12VDC 500mA Adaptor
Power consumption	With backlight: 120mA	Without backlight: 35mA
Temperature	Storage: -10 ~ 50°C	Operating: 0 ~ 40°C
Humidity	Storage: 5% ~ 90% R.H	Operating: 10% ~ 80% R.H
Display	LCD display with backlight	
Designators	ZERO, STABLE, TARE, LO-BAT, kg, g, lb, oz	
Product weight	Gross: 2kg	Nett: 1.85kg
